

Beauty for Ashes

Children's Medical Ministries Compassion Care for Disabled Children DBA Disabled Children's Fund

Greetings to our many friends and family around the world during this blessed season celebrating the birth of Jesus!

The opportunity and challenge of the New Year stands before us even as we will soon say goodbye to 2014. What an incredible year of ministry it has been! Truly the Lord Jesus Christ has proved Himself to be strong and faithful in every way imaginable. Children's Medical Ministries (CMM) and Disabled Children's Fund (DCF) are eternally grateful and say "Thank You!" for encouraging us as you support these ministries!

TOGETHER WE ARE MAKING A DIFFERENCE!

ISAIAH 65:24 Before they call, I will answer; and while they are yet speaking, I will hear...

We are so grateful and thankful for faithful, caring, sharing friends and family who come alongside of us in ministering to the countless needy and disabled children a-round the world. May His Love and Glory be with you and yours this Christmas and New Year Season. We give thanks for the many wonders of the season! Keep us in your prayers. Thank You!

We are so blessed by God's provision and so thankful for you our faithful supporters!

Bill and Erma Collins

CMM and DCF Co-Founders

Iraqi Refugee Children

CMM had the privilege of attending the send off of Samaritan Purse's 60,000 shoe box gifts destined for homeless Iraqi refugee children! The gifts were loaded on a 747, of which we were told, was the only airline they were able to have fly the gift boxes in country.

Sharing God's Love Around the World

Colombia

August 2014 saw a team headed to Colombia to distribute wheelchairs. Smiles were brought to many faces! This is our 12th container load, since January 1999, bringing more than 2000 wheelchairs, power chairs and other mobility equipment to Colombia. To date over 150 caps have also been delivered to Children's Vision International to help keep children warm during times of cool weather. The container arrived ahead of us with 200 wheelchairs destined for Armenia and Tuluá. A number of children received chairs who were born handicapped along with others who've been in various accidents that with a chair, that was adjusted for their size, to prevent sores and ensure they will get the maximum benefit and use from their new chair. Thank you for making it possible to enrich the lives of immobile children and young people in Colombia!

Schools for Refugee Children in Syria

CMM continues to be involved in assisting in outreach to the many refugees in Syria by coming alongside of another ministry to provide classrooms for refugee children. To date four classrooms have been funded through CMM.

We Take Wheelchair Donations!

Did you know that, according to Wheelchair Foundation, at least 100 million children, youth and adults around the world are in need of and yet too poor to afford a wheelchair? War-stricken countries have an especially high number of people with physical disabilities. Many poor families carry their physically handicapped child, from place to place, until they are no longer able. The world of that child then becomes very limited, many times to the four walls of their home. That is why your gift of a new or used wheelchair is priceless! Your gift will expand and add richness to the world of a child! If you have a new or unused wheelchair that you would like to bless someone in need with, call Alvin W. Miller at: 540-295-7316.

To give by credit card visit our website: www.childmed.org
100% of gifts given through Visa & Mastercard go to Children's Medical Ministries!
